Geography of the countries taking part in our competitions is extended. The new federation of draughts-64 and 144 established in France. Federation works actively and it is organize national championships and other competitions in draughts-64. In preparation for the World Championship, we contacted a lot of countries.

Malawi, Zambia, Uganda held national championships in draughts-64 in 2013.

Asian Championships were organized very well in 2013. My trip to Southeast Asia in 2013 was fruitful. I hope that we get the development of draughts and players in these countries. The next step is Americas, where pool-checkers is main game.

### **FMJD Section-64 celebrates 20 years of activity in 2012!**

The General Assembly of FMJD on Meeting October 13, 1992 in Toulon (France) decided to create the Section-64. Ex-President of the World Draughts Federation FMJD **Vadim Bayramov** from Russia was elected president of the FMJD Section-64 responsible for the development of all kinds of draughts on the 64-cell board in the world.

After 20 year July 12, 2012 in the town of Balchik, Bulgaria, the International Draughts Federation (IDF) was established in order to develop all kinds of draughts on the 64-square board and in order to give a legal status to the FMJD Section-64. The International Draughts Federation officially registered June 5, 2013, in Bulgaria (code 176513387). Statute is on official site of the Section-64 - IDF.

Long-term contracts with sponsors are concluded now. We plan to come in the next few years to the budget 100 million rubles a year (about 2.5 million euros).

### **It will be a great breakthrough for all draughts-64!**
